SIEMENS

Siemens Engineering Design Summer Teacher Training

JUNE 17-21, 2024 | SHAKOPEE, MINNESOTA

Empower Your Teaching with
Cutting-Edge Engineering Skills

Transform Your Classroom!

Join us for an enriching five-day training designed for 9th-12th grade educators. Dive into the Siemens CTE Project/Program-Based Curriculum and master essential skills in:

- 3D Modeling
- Reverse Engineering
- Technical Communication
- Teamwork and Collaboration

Learn from experienced Siemens master teachers and bring back cutting-edge resources to your classroom.

Key Benefits

Comprehensive Curriculum

Engage with a curriculum fully aligned with industry and educational standards, focused on practical and innovative engineering concepts.

Expert Leadership

Gain insights and guidance from top professionals in the field.

Valuable Resources

Each participant will receive a 3D printer to integrate into their teaching, enhancing students' learning experience with real-world applications.

Continued Learning

Earn graduate credits from St. Cloud State to further your professional development.

Workshop Details:

Date: June 17 - 21, 2024

Time: 9:00 AM - 5:00 PM Daily

Location: Shakopee High School, Shakopee, Minnesota

Cost: \$400 (A significant value on the program's worth over \$1,000)

Register by: May 15th

Limited Space

Limited to 14 participants — ensuring a personalized and interactive training experience.
